

## California Ed Tech K-12 Voucher Program

Glenn Abbey Software, Inc. has been approved as a provider for IT Support in the California Ed Tech K-12 Voucher Program.

The Education Technology K-12 Voucher Program resulted from the Settlement Agreement between California consumers and Microsoft Corporation in Microsoft Cases. The vouchers made available through this Settlement Agreement are to be used to assist districts with implementing and supporting education technology that fosters effective teaching and promotes student achievement in eligible schools that serve students in grades kindergarten through twelfth grade.

We're pleased to help California schools through participation in this program.
